

Withdrawal of Consent for City of Cincinnati ARC Services

Hello!

You recently spoke with City of Cincinnati's ARC team – Alternative Response to Crisis.

Per your agreement at the time, we made a referral for you for: _____

This referral was done in Unite Us, an internet-based system that connects people with community services.

The consent in Unite Us that you signed gives permission to share your basic information with the agency above. Information is only shared with the agency if you agree. A copy of the consent you agreed to is below.

However, if you decide that you no longer want to consent to this, here are options to withdraw your consent:

- Email consent@uniteus.com
- Or contact Cincinnati Health Department to withdraw your consent, 513-357-7200
- Or notify the agency listed above that you would like to withdraw your consent

Thank you for letting us serve you,

City of Cincinnati ARC Team

Consent to Participate in the Unite Us Network

By consenting, you agree to share information with a Network of health and social service partners powered by Unite Us software. This network is made up of entities and individuals who are directly involved in your care or payment of care. Your personal information may be shared securely on the Network in accordance with privacy laws to connect you with services.

This consent covers all information shared by you or by anyone that has the right to share information on your behalf and is relevant to the recipient's involvement in your care or payment for your care. You can always limit the information you provide on the Network by requesting to have it removed.

To understand how your information may be used and kept safe on the Network, please see uniteus.com/privacy

If you no longer want your information shared on the Network, you can email consent@uniteus.com or ask any Network partner.
